# ECU Honors College

The Honors College is more than a scholarship program. It is a diverse living-learning community of dreamers, intellectuals and innovators that defines what it means to excel in and out of the classroom.

As the only honors college in North Carolina providing a four-year scholarship to all students accepted,

**\$4 million**

in scholarship funding is invested annually.

Scholarships are renewable for a maximum of eight semesters.

Housed in the Honors College, the Brinkley-Lane Scholars award is ECU's most prestigious merit based scholarship program. This

**fully-funded educational experience**

valued at \$79,000, ensures access to high-impact experiences, study abroad journeys, and substantial leadership development opportunities.

The Honors College welcomes 200 students each year — **a 19% acceptance rate.**

These campus and community leaders receive Fulbright, Hollings and Goldwater awards among other accomplishments. Honors College students make Pirate Nation proud.
